

Youth and Family Ministry

August Newsletter

August is here! While summer isn't quite over, we're beginning that exciting transition back to routines, classrooms, and new possibilities.

This month in Youth & Family Ministry, we're exploring **Unity's Power of Will**—the ability to choose, commit, and take purposeful action. Rather than looking at Will by itself, we'll challenge our children to discover how several of the Twelve Powers can work together to support real-life goals.

What happens when we combine **Love, Wisdom, and Order** to build healthy friendships at school? How can **Imagination, Zeal, and Faith** inspire us to prepare for a successful school year? And when a subject feels especially challenging, how can **Strength, Will, and Release** help us persevere, let go of self-doubt, and grow in confidence?

We'll bring these ideas to life through creative projects such as Power bracelets, cardstock sunflowers, and colorful triangle affirmations that children can display at home as reminders of their intentions and goals.

We can't wait to begin this journey together. **WILL you join us?**
